Semester 1:

- UEF 1: Molecular Biology
- UEF 2: Genetic Resource Conservation
- UEM 3: Population Genetics and Dynamics
- UEM 1: Biostatistics
- UEM 2: Laboratory Techniques 1
- UED 1: Environment and Sustainable Development
- UET 2: Communication.

•

Semester 2:

- UEF 1: Organic Agriculture
- UEF 2: Soil Resource Conservation
- UEF 3: Floristic Identification
- UEM 1: Laboratory Techniques 2
- UEM 2: Biodiversity Management in Agro-ecosystems
- UED 1: Impacts of Climate Change on Agriculture
- UET 1: Legislation

Semester 3:

- UEF 1: Plant Biotechnology
- UEF 2: Sustainable Water Resource Management
- UEF 3: Cytogenetics
- UEM 1: Remote Sensing and GIS in Agriculture
- UEM 2: Early Warning Systems and Food Security
- UED 1: Introduction to Research
- UET 1: Entrepreneurship

•

Semester 4:

Final Dissertation
